

# ROPES

Ropes decoratives are individually hand-pressed in a plaster mold. Due to the old world techniques used in making the ropes, they vary in size and straightness. Available also in caps, which can be used for a kitchen counter top or bathroom vanity. Rope caps are priced at 50% more than the rope piece price. All ropes are available in Debris and Vitrail clay bodies also in Rubbed and Multicolored glazes styles. During the firing process the glaze will run and pool in the lower recesses, creating lighter and darker areas on each piece.

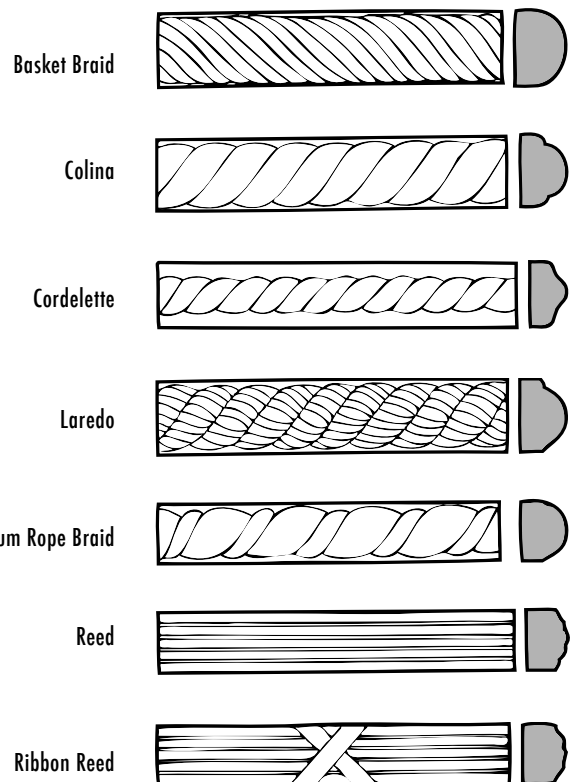

**.5 X 6**

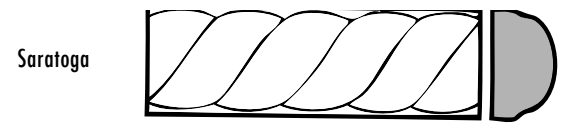

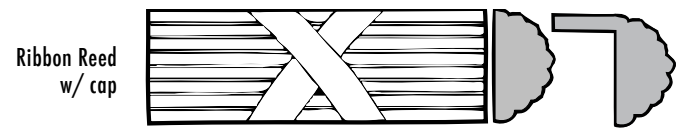

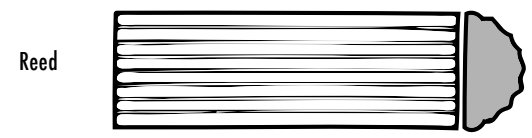

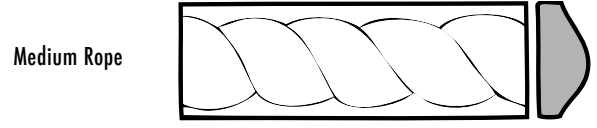

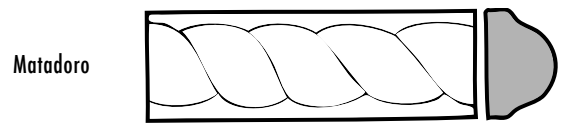

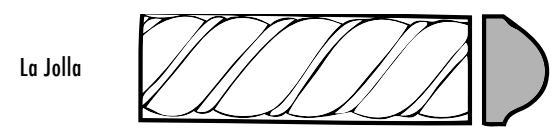

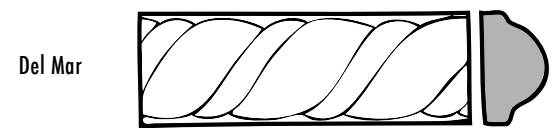

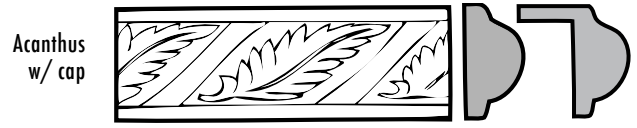

**1.5 X 6**

**1 X 6**

**2 X 6**

Please Note: Sizes are approximate, Vitrail shrinks more than Debris - molding tile heights are rounded up to nearest quarter inch (1/4").
